The United Nations Convention on the Rights of the Child (UNCRC) is the basis of all of Unicef's work. It is the most complete statement of children's rights ever produced and is the most widely-ratified international human rights treaty in history. The Convention has 54 articles that...

Summary of Changes Made to the Bright Futures/AAP Recommendations for Preventive Pediatric Health Care (Periodicity Schedule)

This schedule reflects changes approved in December 2018 and published in March 2019.

Pediatric neuropsychology is a professional specialty concerned with learning and behavior in relationship to a child's brain. A pediatric neuropsychologist evaluates children to determine if their behaviors are typical or if they are indications of underlying problems.

This report was prepared at the World Health Organization and UNICEF by Mercedes de Onis, David Brown, Monika Blössner and Elaine Borghi. Organizations and individuals involved in generating the joint estimates on child malnutrition...
